Fateha Jahan

Frontend Developer

Dhaka, Bangladesh

Summary:

Frontend Developer with hands-on experience in building responsive and dynamic web applications using **MongoDB, Express.js, React.js, and Node.js**. Proficient in both frontend technologies **(HTML, CSS, JavaScript, React, Firebase)** and backend development (Node.js, Express.js, MongoDB, RESTful APIs). Currently pursuing a BBA while actively completing a full stack development course. Dedicated to continuous learning and passionate about developing secure, scalable applications with a focus on backend excellence.

Experience

Unified Mentor Pvt. Ltd **|** 05 May, 2025 – 07 July,2025
Frontend Developer (Virtual Internship)

Description

Contributing to real-world web development projects as a Frontend Developer intern, focusing on building responsive and dynamic user interfaces using modern technologies such as HTML, JavaScript, React.js, Tailwind CSS, and Firebase. Collaborating with senior developers and project leads to implement new features and optimize application performance.

Responsibilities:

- Developed interactive UIs with React.js and Tailwind CSS.
- Integrated Firebase for authentication and database management.
- Collaborated with team members on feature development, debugging, and code reviews.

To Whom It May Concern

I am delighted to recommend **Fateha Jahan** for any **Frontend development** role. During her time with us, she demonstrated a strong grasp of HTML, CSS, JavaScript, and other frontend technologies. She was quick to learn new tools and consistently applied them effectively in her work.

Her creativity in design, attention to detail, and ability to troubleshoot and solve problems efficiently contributed greatly to our projects. She always delivered high-quality work within deadlines and showed excellent teamwork and professionalism.

Regards,

Paras Grover
